

Supplier Flow-Down Clauses

4 Oct 2018

The contract clauses listed below apply to all purchase orders issued from Sagetech Corporation unless exempted by the actual clause itself, or as otherwise agreed with Sagetech in writing. In select cases, limitations on the flow-down applicability are summarized in the table. These are not a replacement for the full detail of the flow-down applicability in the clause itself. Regulation numbers typically refer to FAR or DFAR clauses. When the clause is written pertinent to US Government and prime contractor, the clauses below are understood to be modified to be pertinent to the Sagetech-supplier transaction. Contact the Sagetech buyer if you need the full text of the clause, the clause has blanks that need to be filled in, or you have other questions.
